# Steps to Change MT4 Master Password on Android

1. Launch the MetaTrader 4 (MT4) application on your Android device.

2. Tap the '+' icon (top right) to add or access an account.
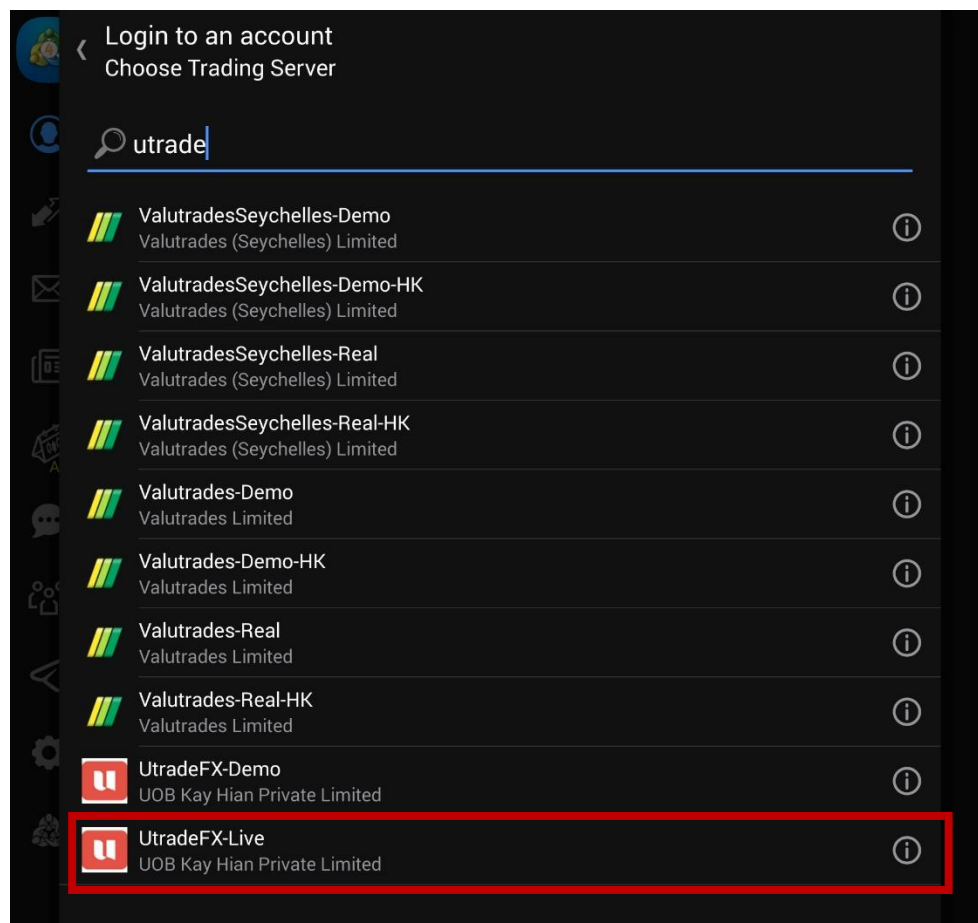

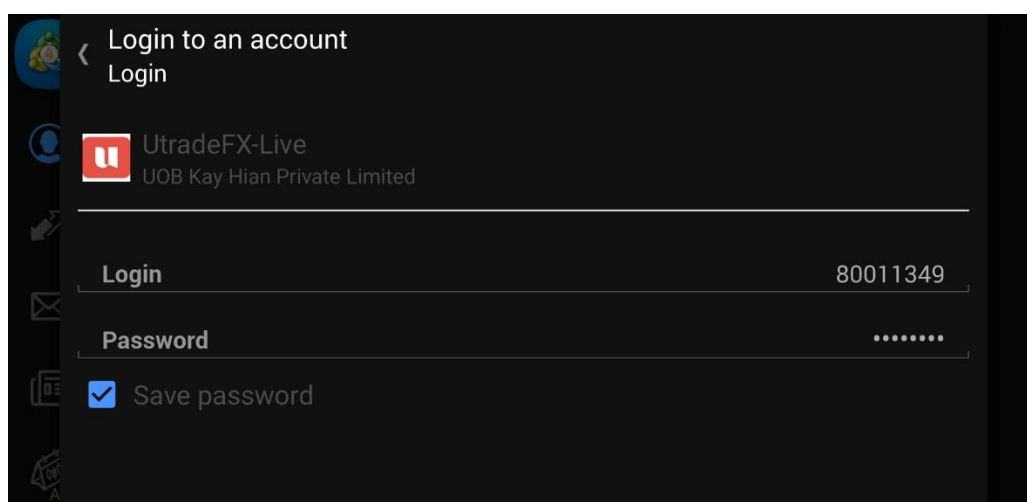

3. Select 'Login to an existing account'.

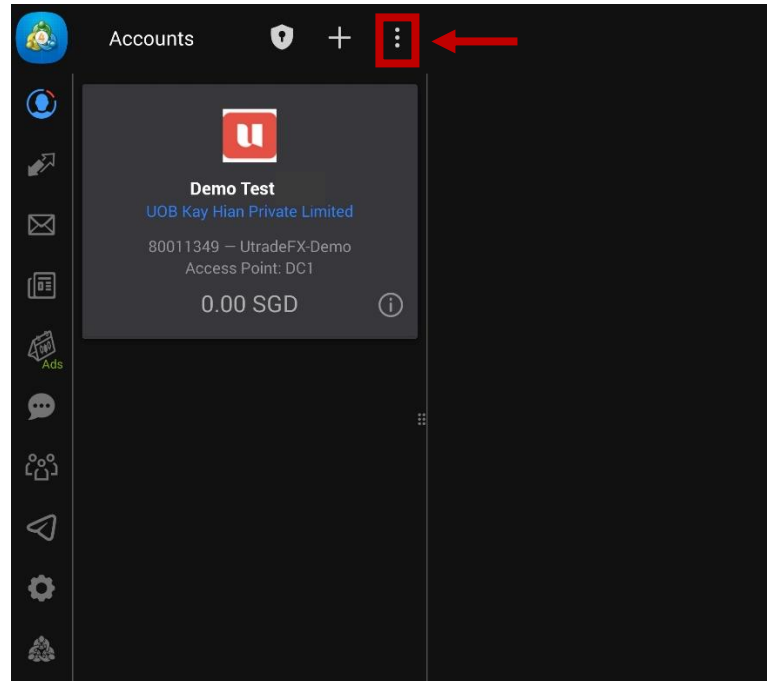

4. In the search bar, type 'UTRADE'.

5. Select 'UTRADEFX-Live'.

6. Enter your MT4 Account ID and master password to log in.

7. Once login is successful, tap on the three-dot icon in the top right corner of the account screen.

8. Select 'Change Master Password'.

9. Enter:
    - Your current master password
    - Your new master password

    Then tap 'Next'

10. A confirmation message will appear indicating that the password has been successfully updated then tap 'Ok'.
