

# User Reference Guide to UTRADE Mobile

## The New Standard in Mobile Stock Trading.

### Overview

Simply by accessing **UTRADE Mobile**, you can now seize market opportunities readily wherever you go.

While **UTRADE Mobile** is compatible with most web browsers on mobile devices, some default browsers on older mobile devices may not be compatible with our Order Placement function. **UTRADE Mobile** will prompt you to download the Opera Mini browser if required.

### Login

To log in to **UTRADE Mobile**, open the web browser on your mobile device and point it to our homepage [www.utrade.com.sg](http://www.utrade.com.sg).

- Go to Login and select **Equities** on the top of the homepage
- Click on **UTRADE MOBILE**

The image illustrates the login process for UTRADE Mobile. It shows a navigation menu on the left with 'Login' and 'Equities' highlighted. An arrow points from 'Equities' to the 'Log in' form. The form includes fields for 'User Name / User ID', 'Password', and a dropdown menu set to 'SGX'. Below these are radio buttons for 'English' (selected) and '中文'. A red 'Log in' button is at the bottom of the form. Below the button, there is a disclaimer: 'By logging in, you accept the Terms of use and agree to be bound by them.' and links for 'Forgot your User ID or Password?' and 'Security advisory'. A red box highlights the 'UTRADE Mobile' link. Another arrow points from the 'Log in' button to the 'UTRADE Mobile' app interface on the right. The app interface shows 'User ID:' and 'Password:' fields, a 'Price Auto-Refresh' dropdown set to 'Live', and a 'Tablet View' checkbox. At the bottom, there are buttons for 'Login', 'Announcement', and 'Hotline'.

The **User ID** and **Password** used is the same set used for accessing **UTRADE Web**. As such, you will only be able to log into either **UTRADE Mobile** or **UTRADE Web** at any given moment, but not both at the same time.

Log in to **UTRADE Web** if you wish to change your **User ID**. If you have forgotten your **User ID** and/or **Password**, please contact our Client Services Officers for assistance.

## Auto-Refresh of Prices

Instead of having to click on **Refresh** for the latest price quote, you can automate this process by selecting your **Price Auto-Refresh** interval at Login. This service is supported on iPhone, Android and all Windows Mobile devices.

The screenshot shows the UTRADE Mobile login interface. At the top is a dark header with the text "UTRADE Mobile". Below this are input fields for "User ID:" and "Password:". The "Price Auto-Refresh" section features a dropdown menu currently set to "Live" and a link for "Usage Advisory". There is also an unchecked checkbox for "Tablet View". A large "Login" button is positioned below these fields. At the bottom of the login area are two buttons: "Announcement" and "Hotline" (which includes a telephone icon). Below the buttons are four links: "Security Advisory", "Privacy Policy", "Terms & Conditions", and "Disclaimer". The UOB KayHian logo is centered at the bottom of the page.

Auto-refresh may result in extensive mobile data charges
